REMARKS

The application is amended to insert the publication number of a co-pending application and to correct obvious errors in the claims.

A number of the claims are amended to fix the preamble to be consistent with claim 1. These claims seemed to have picked up the reference to an elastomer in claim 2.

In addition, claim 20 is amended to include the missing the word "fiber." Support for this amendment is at page 14, line 5.

Entry is respectfully requested.

Respectfully submitted,
